19th International Conference on TRUST, PRIVACY AND SECURITY IN DIGITAL BUSINESS (TrustBus 2022)

Call for Papers

in conjunction with the

33rd International Conference on Database and Expert Systems Applications (DEXA 2022)

Vienna, Austria
22– 24 August 2022

GOALS AND TOPICS OF INTEREST

Recent computing paradigms, such as cloud computing, big data and the Internet of Things open new horizons to businesses, improving effectiveness and ensuring that businesses remain competitive in the global marketplace. These developments have occurred in a remarkably short time span, with technologies sometimes advancing too fast for society and governments to keep pace, and leading to resulting, concerns around trust and the extent to which information security and user privacy can be ensured.

In answer to these concerns, the *19th International Conference on Trust, Privacy and Security in Digital Business (TrustBus 2022)* will provide an international forum for researchers and practitioners to exchange information regarding advancements in the state of the art and practice of trust, privacy, and security in digital business.

We are interested in papers, work-in-progress reports, and industrial experiences describing advances in all areas of digital business applications related to trust, privacy, and security including, but not limited to:

- Accountability, Transparency and Intervenability
- Anonymity and pseudonymity
- Business architectures and underlying infrastructures
- Cloud computing security and privacy
- Common practices, legal and regulatory issues
- Cryptographic building-blocks for e- business applications
- Delivery technologies and scheduling protocols
- Design of business models with security requirements
- Economics of information systems
- Electronic cash, wallets and pay-per-view systems
- Enterprise management and consumer protection
- Identity and trust management
- Information audit and trust
- Intellectual property and digital rights management
- Intrusion detection and information filtering
- Methodologies for privacy by design and by default
- Methodologies for privacy impact assessment
- Models for access control and authentication
- Reliability and security of content and data
- Reputation in services provision
- Secure process integration and management
- Security and privacy governance and management
- Security and privacy in big data processing
- Security and privacy in cyber physical systems
- Security and privacy models for pervasive information systems
- Security and privacy of mobile applications
- Security and privacy policies
- Security of P2P transactions and scenarios
- Security, privacy and trust in electronic and mobile services
- Shopping, trading, and contract management tools
- Transactional Models
- Trust and reputation in digital business environments
- Usability of security and privacy technologies and services

SUBMISSION DETAILS

Authors are invited to submit original papers not previously published nor submitted in parallel for publication to any other conference, workshop or journal. Papers should be limited to 15 pages, including title page, figures and bibliography. To submit a paper please use the EasyChair submission system at https://easychair.org/conferences/?conf=trustbus2022.

Accepted papers will be included in the Conference proceedings, to be published by Springer in their LNCS series. Camera-ready versions of the papers should not exceed 15 pages and must comply with the "Authors Instructions" that can be found at https://www.springer.com/gp/computer-science/lncs/conference-proceedings-guidelines.

For further inquiries, please contact one of the Program Committee chairs at sokratis.katsikas@ntnu.no or Steven.Furnell@nottingham.ac.uk.

IMPORTANT DATES

Submission deadline: June 19, 2022
Notification to authors: August 1, 2022
Camera-ready version: August 13, 2022

PROGRAM COMMITTEE CO-CHAIRS

Steven Furnell   University of Nottingham (UK)
Sokratis Katsikas   Norwegian University of Science and Technology - NTNU (Norway)

PROGRAM COMMITTEE MEMBERS (TBC)

Cheng-Kang Chu   Institute for Infocomm Research
Nathan Clarke   University of Plymouth
Frédéric Cuppens   Polytechnique Montreal
Sabrina De Capitani di   Universita degli Studi di Milano
Vimercati
Vasiliki Diamantopoulou   University of the Aegean
Josep Domingo-Ferrer   Universitat Rovira i Virgili
Prokopios Drogkaris   ENISA
Jan Eloff   University of Pretoria
Eduardo B.Fernandez   Florida Atlantic University
Jose-Luis Ferrer-Gomila   University of the Balearic Islands
Simone Fischer-Hübner   Karlstad University
Sara Foresti   Universita degli Studi di Milano
Jürgen Fuß   University of Applied Sciences Upper Austria
Dimitris Geneiatakis   Joint Research Centre, European Commission
Dimitris Gritzalis   Athens University of Economics & Business
Stefanos Gritzalis   University of Piraeus
Marit Hansen   Unabhängiges Landeszentrum für Datenschutz Schleswig-Holstein
Ying He   University of Nottingham

Pallavi Kaliyar   Norwegian University of Science and Technology
Christos Kalloniatis   University of the Aegean
Georgios Kambourakis   University of the Aegean
Farzaneh Karegar   Karlstad University
Maria Karyda   University of the Aegean
Vasilios Katos   Bournemouth University
Dogan Kesdogan   Universität Regensburg
Spyros Kokolakis   University of the Aegean
Stephan Krenn   AIT Austrian Institute of Technology GmbH
Costas Lambrinoudakis   University of Piraeus
Antonio Lioy   Politecnico di Torino
Javier Lopez   University of Malaga
Stephen Marsh   Ontario Tech University
Fabio Martinelli   IIT-CNR
Leonardo Martucci   Karlstad University
Vashek Matyas   Masaryk University
David Megias   Universitat Oberta de Catalunya
Chris Mitchell   Royal Holloway, University of London
Haralambos Mouratidis   University of Essex
Martin Olivier   University of Pretoria
Rolf Oppliger   eSECURITY Technologies
Pankaj Pandey   Norwegian University of Science and Technology
Maria Papadaki   University of Derby
Andreas Pashalidis   BSI
Ahmed Patel   National University of Malaysia
Günther Pernul   Universität Regensburg
Nikolaos Pitropakis   Edinburgh Napier University
Joachim Posegga   University of Passau
Gerald Quirchmayr   University of Vienna
Ruben Rios   University of Malaga
Panagiotis Rizomiliotis   Harokopio University of Athens
Carsten Rudolph   Monash University
Pierangela Samarati   Universita' degli Studi di Milano
Ingrid Schaumüller-Bichl   Information Security
Miguel Soriano   Universitat Politècnica de Catalunya
Stephanie Teufel   University of Fribourg
A Min Tjoa   Vienna University of Technology
Aggeliki Tsohou   Ionian University
Edgar Weippl   University of Vienna
Christos Xenakis   University of Piraeus
